of this act, and to take any and all such steps as the board may deem proper and necessary to effect the purposes hereof;

The district shall have the power to make any improvement, or portion thereof, in any district, directly by the officers, agents and employees of the district, with supplies and materials purchased or otherwise acquired therefor. All supplies, materials, equipment, machinery and apparatus purchased by the board for any district (but not by a contractor) costing thirty thousand dollars (\$30,000.00) or more shall be purchased only after notice by publication for competitive bids. The district shall accept the lowest bid,

No district shall proceed to acquire or improve any system of water supply, drainage or sewage disposal without first obtaining the approval of the state department of health. Whenever it is necessary, in making any improvements under the provisions of this act, to enter upon or cross any property of the state acquired for and utilized in the operation and maintenance of a state highway, the district shall have the right-of-way over the same by filing a plat of the lands and of its proposed improvements with the state department of transportation and acquiring a license from the department. (xxi) To fix and from time to time to increase or decrease water and sewer rates, tolls or charges, including but not necessarily limited to use charges, connection fees and standby charges, for services or facilities furnished by the district, and to pledge such revenue for the payment of any indebtedness of the district. Until paid, all rates, tolls or charges shall constitute a perpetual lien on and against the property served, and any such lien may be foreclosed in the same manner as provided by the laws of the state of Wyoming for the

foreclosure of mechanics' liens. Before any such lien is foreclosed the district shall hold a hearing thereon after notice thereof by publication and by registered first class mail, postage prepaid, addressed to the last known owner at his last known address according to the records of the district and the real property assessment roll in the county in which the property is located. (xxii) To adopt and amend bylaws, not in conflict with the constitution and laws of the state for carrying on the business, objects and affairs of the board and of the district. These bylaws shall be filed with the county clerk for each county in which the district is located;

(xxiii) To have and exercise all rights and powers necessary or incidental to or implied from the specific powers granted in this act. Such specific powers shall not be considered as a limitation upon any power necessary or appropriate to carry out the purposes and intent of this act;

(xxiv) When a district abuts a city or town and when all of its indebtedness has been fully paid or satisfied, to convey to such city or town with the consent of the governing authority thereof, all of the property of such district upon the condition that such city or town will operate and maintain such property regardless of whether the area comprising the district is annexed to the municipality. Upon such conveyance the district shall be dissolved and a certificate to such effect shall be signed by the clerical officer of the city or town and filed with the secretary of state and any county clerk and recorder of any county in which the order establishing the district is filed;

(xxv) When two (2) or more districts are using the same or joint facilities and when the obligations of each district are fully paid or satisfied, to consolidate such districts into one (1). In such an event the consolidated district shall be under the control of a joint board consisting of the members of each board, until by the occurrence of vacancies or expiration of terms of office the board is reduced to five (5) members. Thereafter the members of the board shall be elected as provided in W.S. 41-10-112;

Any water service shall be accomplished in strict adherence with the water rights held by the district, or as such rights may be amended or enlarged under procedures of law provided in title 41 of the Wyoming statutes through the state engineer. The board may finance the extension and maintenance of the water or sewer system through revenue bonds or other means granted by law for financing the service. A one-time connection fee or system investment fee reasonably calculated to permit recovery of a proportionate share of the system infrastructure cost necessary to treat, deliver or transport the water or sewer may also be charged. A one-time fee may also be charged to recover reasonable expenses incurred by the district in determining the actual costs necessary to treat, deliver or transport the water or sewer to the point of connection. The district board may establish one (1) or more service areas outside the district in each of which an average rate may be used for all customers. Charges for special services such as line installation and maintenance shall be in addition to the water or sewer rate. The rate established for use of water or sewer pursuant to this section is as follows:

(A) A district which at any time after April 1, 1999, enters into a contract to serve property within a contiguous city or town outside of its district boundaries shall establish rates, tolls and charges that are no less than the rates, tolls and charges charged for the same or similar service within the district and that do not exceed the actual costs of treating, delivering or transporting the water or sewer to the point of connection. As used in this paragraph, "actual costs" of treating, delivering or transporting water or sewerage shall

include a proportionate share of the following costs related to the water or sewer system:

(I) Fees, interest charges and principal payments on all bonds issued and other indebtedness incurred to construct, purchase or improve the system;

(II) Salaries and wages of employees;

(III) The cost of materials, supplies, utilities and outside services;

In addition to the other means providing revenue for such districts, the board shall have power and authority to levy and collect general (ad valorem) taxes on and against all taxable property within the district. No district shall levy a tax to exceed eight (8) mills on the dollar in any one (1) year, except for the payment of its public debt and the interest thereon.

41-10-115. Annual determination by board of amount of money necessary to be raised by taxation; fixing annual tax levy; certification of rate fixed and determined to county commissioners and clerks.

To levy and collect taxes, the board shall determine, in each year, the amount of money necessary to be raised by taxation, taking into consideration other sources of revenue of the district, and shall fix a rate of levy, which, when levied upon every dollar of assessed valuation of taxable property within the district, and together with other revenues, will raise the

amount required by the district annually to supply funds for paying expenses of organization and the costs of acquiring, operating and maintaining the works and equipment of the district, and promptly to pay in full, when due, all interest on and principal of general obligation bonds and other such obligations of the district, and in the event of accruing defaults or deficiencies, an additional levy may be made as provided in section 16. The secretary of the district pursuant to resolution of the board shall on or before the fourth Monday in May of each year, certify to the board of county commissioners of each county within the district, or having a portion of its territory within the district, and file with the county clerk thereof, the rate so fixed with directions that at the time and in the manner required by law for levying taxes for county purposes, such board of county commissioners shall levy such tax upon the assessed valuation of all taxable property within the district, in addition to such other taxes as may be levied by such board of county commissioners at the rate so fixed and determined.

41-10-116. Matters to be considered in certifying annual levies; additional levies.

The board, in certifying annual levies, shall take into account the maturing indebtedness for the ensuing year as provided in its contracts, maturing general obligation bonds and interest on such bonds, and deficiencies and defaults of prior years, and shall make ample provision for the payment thereof. In case the moneys produced from such levies, together with other revenues of the district, are not sufficient punctually to pay the annual installments on its contracts or bonds, and interest thereon, and to pay defaults and deficiencies, the board shall make such additional levies of taxes as may be necessary for such purposes, and notwithstanding any limitations, such taxes shall be made and continue to be levied until the indebtedness of the district shall be fully paid.

41-10-117. Duty of county officials to levy and collect tax; monthly payment of collections to treasurer of district; taxes to constitute perpetual lien; lien to be on parity with general tax lien.

It shall be the duty of the body having authority to levy taxes within each county to levy the taxes provided in this act. It shall be the duty of all officials charged with the duty of assessing property and collecting taxes to assess property and to collect such taxes at the time and in the form and manner

with like interest and penalties as property is assessed and other taxes are collected and when collected to pay the same to the district ordering its levy and collection. The payment of such collections shall be made monthly to the treasurer of the district and paid into the depository thereof to the credit of the district. For any district the area of which is in more than one (1) county, the officials of each county shall perform said duties for the area and property therein. All taxes levied under this act, together with interest thereon and penalties for default in payment thereof, and all costs of collecting the same, shall constitute, until paid, a perpetual lien on and against the property taxed, and such lien shall be on a parity with the tax lien of other general taxes.

41-10-118. Sale of real and personal property for nonpayment of taxes.

If the taxes levied are not paid, then delinquent real property shall be sold at the regular tax sale for the payment of said taxes, interest and penalties, in the manner provided by the statutes of the state of Wyoming for selling real property for the nonpayment of general taxes. If there are not bids at said tax sale for the property so offered, said property shall be struck off to the county, and the county shall account to the district in the same manner as provided by law for accounting for school, town and city taxes. Delinquent personal property shall be distrained and sold as provided by law.

41-10-119. Authority of board to levy taxes and collect revenue for purpose of creating a reserve fund.

Whenever any indebtedness has been incurred by a district, it shall be lawful for the board to levy taxes and collect revenue for the purpose of creating a reserve fund in such amount as the board may determine, which may be used to meet the obligations of the district, for maintenance and operating charges and depreciation, and provide extension of and betterments to the improvements of the district.

41-10-120. Change in boundaries of districts; generally.

(a) The boundary of any district organized under the provisions of this act may be changed in the manner prescribed in the Special District Elections Act of 1994, but the change of boundaries of the district shall not impair nor affect its organization, nor shall it affect, impair or discharge any

contract, obligation, lien or charge on which it might be liable or chargeable had such change of boundaries not been made.

(b) Property included within or annexed to a district shall be subject to the payment of taxes and charges, as provided in the Special District Elections Act of 1994. Real property excluded from a district shall thereafter be subject to the levy of taxes for the payment of its proportionate share of any indebtedness of the district outstanding at the time of such exclusion. Personal property may be excluded from a district on such terms and conditions as may be prescribed by the board of the district involved.

41-10-121. Repealed by Laws 1998, ch. 115, § 5.

41-10-122. Repealed by Laws 1998, ch. 115, § 5.

41-10-123. Repealed by Laws 1998, ch. 115, § 5.

41-10-124. Authority of district to borrow money; types of securities permitted to evidence borrowing; exemption of securities from taxation.

(a) A district may borrow money and issue the following securities to evidence such borrowing:

(i) Short-term notes;

(ii) General obligation bonds and other like securities;

(iii) Revenue bonds and other like securities; and

(iv) Special assessment bonds and other like securities.

(b) Any such securities of a district shall be exempt from taxation when owned by actual residents of the state, provided, that the owner or owners thereof shall list the same annually on their assessment schedule, as from time to time amended and supplemented.

41-10-125. Borrowing money without election in anticipation of collection of taxes; issuance of short-term notes.

A district, upon the affirmative vote of four (4) directors, is hereby authorized to borrow money without an election in anticipation of the collection of taxes or other revenues and to issue short-term notes to evidence the amount so borrowed. Such short-term notes shall be payable from the fund for which the money was borrowed; shall mature before the close of the fiscal year in which the money is so borrowed; and shall not be extended or funded except in compliance with section 26, "general obligation bonds" of this act.

41-10-126. Resolution and election prerequisite to issuance of general obligation bonds.

No bonds or other evidences of indebtedness payable in whole or in part from the proceeds of general (ad valorem) property taxes or to which the full faith and credit of a district are pledged, shall be issued, except in pursuance of a resolution, nor until the question of their issuance shall be submitted to a vote of the electors and approved by a majority of the qualified taxpaying electors voting on the question and by a majority of other qualified electors voting thereon, or, if no ballots are cast in one (1) of the ballot boxes and a majority of the ballots in the other ballot box favor the issuance of the bonds or other evidences of indebtedness, approved either by a majority of the qualified taxpaying electors voting thereon or by a majority of the other qualified electors voting thereon at an election held as provided for bond elections by the Political Subdivision Bond Election Law, W.S. 22-21-101 through 22-21-112.

41-10-127. Maximum aggregate amount of bonds or other evidences of indebtedness.

The aggregate amount of bonds or other evidences of indebtedness shall not exceed six percent (6%) of the assessed value of the taxable property within the district as shown by the last preceding general assessment; provided, however, that in determining the amount of indebtedness, there shall not be included within the computation, bonds or other evidences of indebtedness outstanding or authorized to be issued for supplying water to the district, short-term notes, special assessment securities, or securities payable solely from the net revenues of an income-producing system or other project.

41-10-128. Borrowing money and issuing bonds for purpose of acquiring or improving water or sewer system or other income-producing project.

A district in pursuance of a resolution may borrow money, issue bonds, or otherwise extend its credit for the purpose of acquiring or improving a water or sewer system, or other income-producing project; provided that the bonds or other obligations shall be made payable solely out of the net revenues derived from the operation of the system or other such project; and the systems and projects may be combined, operated and maintained as joint systems or projects, in which case the bonds or other obligations shall be made payable solely out of the net revenues derived from the operation of the joint systems or projects. No revenue bonds or other like securities shall be issued unless the issuance thereof has been submitted to a vote of the electors and approved by a majority of the qualified taxpaying electors voting on the question and by a majority of other qualified electors voting thereon, or, if no ballots are cast in one (1) of the ballot boxes and a majority of the ballots in the other ballot box favor the issuance of such bonds or other like securities, approved either by a majority of the qualified taxpaying electors voting thereon or by a majority of the other qualified electors voting thereon, as the case may be, at an election held as provided for bond elections by the Political Subdivision Bond Election Law, W.S. 22-21-101 through 22-21-112.

41-10-129. Power to create local improvement districts vested in board.

The power to create local improvement districts in a district organized pursuant to this act, to assess the cost of the construction of public improvements of a local and municipal character or a part thereof against benefited property therein, and to issue special assessment bonds is vested in the board, and the districts shall be created, local improvements acquired, special assessments levied and collected and special assessment bonds issued, as provided in W.S. 15-6-101 through 15-6-448, except as herein otherwise provided.

41-10-130. Submission of question of creating indebtedness to voters upon determination by resolution that interest of district and public interest or necessity demand the acquisition or improvement of projects, making of contracts.

Whenever any board shall determine, by resolution, that the interest of said district and the public interest or necessity demand the acquisition or improvement of any project, or the making of any contract with the United States or other persons, to carry out the objects or purposes of said district, requiring

the creation of an indebtedness or the issuance of securities herein required to be authorized by the electors of the district, said board shall order the submission of the proposition of creating such indebtedness or securities to the qualified electors of the district at an election. Any such election shall be held as provided for bond elections by the Political Subdivision Bond Election Law, W.S. 22-21-101 through 22-21-112 and may be held separately or may be consolidated or held concurrently with any other election authorized by this act. The declaration of public interest or necessity required and the provision for the holding of the election may be included within one (1) and the same resolution, which resolution, in addition to the declaration of public interest or necessity, shall recite the objects and purposes for which the indebtedness is proposed to be incurred or the bonds are proposed to be issued, the estimated cost of the project, the amount of principal of the indebtedness to be incurred or of the bonds to be issued therefor, and the maximum rate of interest to be paid on the indebtedness or bonds. The resolution shall also recite the date upon which the election shall be held and the manner of holding the same and the method of voting for or against the incurring of the proposed indebtedness or bonds. The board shall direct the publication of the notice of election, the first publication of said notice to be not less than twenty (20) days prior to the election.

41-10-131. Principal and interest to be paid solely from net revenues; pledging surplus and unpledged revenues as additional security; bonds not issued payable from revenues or special assessments to be general obligations of district.

The principal of and interest on revenue bonds herein authorized to be issued, and any prior redemption premium or premiums, shall be payable solely from the net revenues derived from the operation of the project for the acquisition or improvement of which the bonds are issued, including, without limiting the generality of the foregoing, revenues of a prior existing project which is improved by the expenditure of the bond proceeds, and revenues of improvements theretofore or thereafter acquired to such project which are not acquired by the expenditure of such bond proceeds; and the principal of and interest on special assessment bonds herein authorized to be issued, and any prior redemption premium or premiums, shall be payable solely out of moneys collected on account of the assessments, principal, interest and any penalties, levied for the project for the acquisition or improvement of which the bonds are issued; provided, however, that the payment of such

special assessment bonds may at the board's option be additionally secured as herein provided. The board may ascertain and determine in a resolution authorizing the issuance of the bonds that the district has, or will have during the term of the bonds, or has and so will have, designated surplus and unpledged revenues derived from the operation of any income-producing project, or special assessments or excise tax or taxes which the district is herein authorized to levy, fix or charge, or from any combination thereof, and the board in said resolution may pledge all or a portion of such surplus and unpledged revenues as additional security for such payment of said bonds, and at its option may deposit such revenues in a fund created to pay the bonds or created to secure additionally their payment. Any such revenue pledged directly or as additional security for the payment of bonds of any one issue or series which revenues are not exclusively pledged therefor, may subsequently be pledged directly or as additional security for the payment of the bonds of one or more issues or series subsequently authorized. All bonds of the same issue or series shall, subject to the prior and superior rights of outstanding bonds, claims and other obligations, have a prior, paramount and superior lien on the revenues pledged for the payment of the bonds over and ahead of any other claims or obligations thereagainst subsequently incurred; provided, however, the resolution authorizing the issuance of any bonds may provide for the subsequent authorization of bonds or other obligations the lien for the payment of which on such revenues is on a parity with the lien thereon of the bonds therein authorized upon such conditions and subject to such limitations as said resolution may provide. All bonds not issued payable solely from such revenues or special assessments (with or without such additional security) shall be the general obligations of the district, and the full faith and credit of the district shall be pledged for the payment thereof. All bonds of the same issue or series shall be equally and ratably secured without priority by reason of number, date of maturity, date of bonds, of sale, of execution, or of delivery, by a lien on said revenues in accordance with the provisions of this act and the resolution authorizing said bonds, except to the extent such resolution shall otherwise specifically provide.

41-10-132. Bonds not to be debt of district; exception as to general obligation bonds; bonds to recite that principal and interest payable solely from revenues.

Except for general obligation bonds, bonds issued pursuant to this act shall not be a debt of the district, and the district shall not be liable thereon, nor shall it thereby pledge its

full faith and credit for their payments, nor shall the bonds be payable out of any funds other than the revenues, special assessments, or other moneys pledged to the payment thereof. Each such bond issued under this act shall recite in substance that said bond and the interest thereon are payable solely from the revenues, special assessments or other moneys pledged to the payment thereof. The payment of bonds shall not be secured by an encumbrance, mortgage or other pledge of property of the district, except for revenues, income, tax proceeds and other moneys pledged for the payment of bonds. No property of the district, subject to said exceptions, shall be liable to be forfeited or taken in payment of the bonds.

41-10-133. Resolution may provide that bonds shall recite that they are issued under authority of act; effect of recital.

It may be provided in any resolution authorizing any bonds hereunder that such bond shall recite that it is issued under authority of this act. Such recital shall conclusively impart full compliance with all of the provisions of this act, and all bonds issued containing such recital shall be incontestable for any cause whatsoever after their delivery for value.

41-10-134. Date of bonds; maturity; payment and rate of interest; when and where payable; privileges for registration; prerequisite to reissuance upon loss.

General obligation bonds, revenue bonds or special assessment bonds herein authorized to be issued shall bear a date or dates, shall mature in a denomination or denominations at the time or times not exceeding the estimated life of the improvements acquired with the bond proceeds and in no event not more than thirty (30) years from their date, shall bear interest payable annually, or at a lesser interval or intervals as may be prescribed by resolution, shall be payable in a medium of payment at the place or places within or without the state of Wyoming, and at the option of the board may be in one (1) or more series, may be made subject to prior redemption in advance of maturity at the time or times without or with the payment of the premium or premiums not exceeding five percent (5%) of the principal amount of the bond so redeemed, may provide for the payment of interest thereon from the proceeds thereof for a period not to exceed three (3) years from the date thereof, may be issued with privileges for registration for payment as to principal or interest, or both, and generally shall be issued in a manner, in a form, with recitals, terms, covenants and conditions, and with other details as may be provided by the

board in the resolution or resolutions authorizing the bonds, except as herein otherwise provided. Pending preparations of the definite bonds, interim receipts or certificates in a form and with such provisions as the board determines may be issued. Except for payment provisions herein specifically provided, the bonds, interest coupons thereto attached, and interim receipts or certificates shall be fully negotiable within the meaning of and for all the purposes of the Uniform Commercial Code-Investment Securities. If lost or completely destroyed, a bond may be reissued in the form and tenor of the lost or destroyed bond upon the owner furnishing, to the satisfaction of the governing body, (a) proof of ownership, (b) proof of loss or destruction, (c) a surety bond in twice the face amount of the bond and coupons, and (d) payment of the cost of preparing and issuing the new bond.

41-10-135. Execution of bonds; signature by chairman of board to appear on bonds and coupons attached; legal effect of signature.

Any such general obligation bonds, revenue bonds or special assessment bonds shall be executed in the name of and on behalf of the district and signed by the chairman of the board with the seal of the district affixed thereto and attested by the secretary of the board. Except for such bonds which are registerable for payment of interest, interest coupons payable to bearer shall be attached to the bonds and shall bear the original or facsimile signature of the chairman of the board. The bonds and coupons, bearing the signatures of the officers in office at the time of the signing thereof, shall be the valid and binding obligations of the district, notwithstanding that before the delivery thereof and payment therefor, any or all of the persons whose signatures appear thereon shall have ceased to fill their respective offices.

41-10-136. Sale of bonds at public or private sale; price; delivery of bonds to and acceptance by contractors in payment of contract price; interest rate on special assessment bonds.

General obligation bonds, revenue bonds or special assessment bonds shall be sold at public or private sale for not less than the principal amount thereof and accrued interest, or at the board's option below par at a discount not exceeding five percent (5%) of the principal amount thereof, for the payment of the contractor or contractors, for the acquisition of property and rights thereto, including but not limited to labor, supplies and materials acquired by the district or supplied under

agreement with the United States of America, the state of Wyoming, or a federal or state agency, instrumentality or corporation or other political subdivision and for all proper incidental expenses; provided, however, the bonds may be delivered to the contractor or contractors. If delivered to the contractor or contractors, the bonds shall be accepted for the principal amount thereof, plus interest due thereon to the date of their delivery, in payment of the amounts due under the contract or contracts, and the contractor or contractors may be required to accept delivery of all or a part of the remainder of the authorized issue of bonds and to pay therefor the principal amount thereof and accrued interest to the date of delivery, so that money will be available to the board to be expended in the payment of the incidental expenses for the payment of which the bonds were in part authorized. No special assessment bond interest rate shall at one (1) time exceed the interest rate (or lower or lowest rate if more than one (1)) borne by the special assessments, but a bond interest rate may be the same as or less than an assessment interest rate, subject to the aforesaid limitation, as the board may determine. In advertising for construction bids, the board may stipulate that the contractor must accept bonds in payment of the contract price.

41-10-137. Moneys received from issuance of bonds to be used solely for purpose for which issued; disposition of unexpended balance; validity of bonds not dependent upon validity of proceedings relating to project.

All monies received from the issuance of any bonds herein authorized shall be used solely for the purpose (or purposes) for which issued, including, without limiting the generality of the foregoing, if so authorized the payment of preliminary expenses; provided, however, that any unexpended balance of such bond proceeds remaining after the completion of the acquisition or improvement of the project or service for which such bonds were issued shall be paid immediately into the fund created for the payment of the principal of said bonds and shall be used therefor. The validity of said bonds shall not be dependent on nor affected by the validity or regularity of any proceedings relating to the acquisition or improvement of the project for which the bonds are issued; and the purchaser or purchasers of the bonds shall in no manner be responsible for the application of the proceeds of the bonds by the district or any of its officers, agents and employees.

41-10-138. Covenants in resolution authorizing issuance of bonds.

(a) Any resolution authorizing the issuance of bonds under this act may contain covenants (notwithstanding such covenants may limit the exercise of powers conferred by this act) as to any one (1) or more of the following:

(i) The tolls, fees, rates, rentals, charges, special assessments, and general taxes to be fixed, charged or levied and the collection, use and disposition thereof, including but not limited to joint billing for and the discontinuance of facilities, commodities or projects, the foreclosure of liens for delinquencies and the collection of penalties;

(ii) The creation and maintenance of reserves or sinking funds and the regulation, use and disposition thereof;

(iii) A fair and reasonable payment by the district from its general fund or other available moneys to the account of a designated project for the facilities or commodities furnished or services rendered thereby to the district or any of its departments, boards or agencies;

(iv) The purpose or purposes to which the proceeds of the sale of bonds may be applied and the use and disposition thereof;

(v) The issuance of other or additional bonds payable from or constituting a charge against or lien upon any revenues pledged for the payment of bonds and the creation of future liens and encumbrances thereagainst;

(vi) The operation and maintenance of any project;

(vii) The insurance to be carried thereon and use and disposition of insurance moneys;

(viii) Books of account and the inspection and audit thereof;

(ix) Events of default, rights and liabilities arising therefrom, and the rights, liabilities, powers and duties arising upon the breach by the district of any covenants, conditions, or obligations;

(x) The vesting in a trustee or trustees, and the limitation of liabilities thereof, and as to the terms and conditions upon which the holders of the bonds or any portion,

percentage or amount of them may enforce any covenants made under this act or duties imposed thereby;

(xi) The terms and conditions upon which the holders of the bonds or of a specified portion, percentage or amount thereof, or any trustee therefor, shall be entitled to the appointment of a receiver, which receiver may enter and take possession of any project or service, operate and maintain the same, prescribe tolls, fees, rates, rentals, charges and taxes, and collect, receive and apply all revenues thereafter arising therefrom in the same manner as the district itself might do;

(xii) A procedure by which the terms of any resolution authorizing bonds, or any other contract with any holders of bonds, including but not limited to an indenture of trust or similar instrument, may be amended or abrogated, and as to the amount of bonds the holders of which must consent thereto and the manner in which such consent may be given;

(xiii) The terms and conditions upon which any or all of the bonds shall become or may be declared due before maturity, and as to the terms and conditions upon which such declaration and its consequences may be waived; and

(xiv) All such acts and things as may be necessary or convenient or desirable in order to secure the district's bonds, or in the discretion of the board tend to make the bonds more marketable, notwithstanding that such covenant, act or thing may not be enumerated herein, it being the intention hereof to give a district power to do all things in the issuance of bonds and for their security except as herein specifically limited.

41-10-139. Rights and powers of holders of bonds.

(a) Subject to any contractual limitations binding upon the holders of any issue or series of bonds, or trustee therefor, including but not limited to the restriction of the exercise of any remedy to a specified proportion, percentage or number of such holders, any holder of bonds, or trustee therefor, shall have the right and power, for the equal benefit and protection of all holders of bonds similarly situated:

(i) By mandamus or other suit, action or proceeding at law or in equity to enforce his rights against the district and its board and any of its officers, agents and employees and to require and compel the district or its board or any such officers, agents, or employees to perform and carry out its and

their duties, obligations or other commitments under this act and its and their covenants and agreements with the bondholders;

(ii) By action or suit in equity to require the district and its board to account as if they were the trustee of an express trust;

(iii) By action or suit in equity to have appointed a receiver, which receiver may enter and take possession of any projects and services revenues from which are pledged for the payment of the bonds, prescribe sufficient tolls, fees, rates, rentals and charges derived from the operation thereof, and collect, receive and apply all revenues or other moneys pledged for the payment of the bonds in the same manner as the district itself might do;

(iv) By action or suit in equity enjoin any acts or things which may be unlawful or in violation of the rights of the bondholders; and

(v) Bring suit upon the bonds.

(b) No right or remedy conferred by this act upon any holder of bonds or any trustee therefor is intended to be exclusive of other right or remedy, but each such right or remedy is cumulative and in addition to every other right or remedy and may be exercised without exhausting and without regard to any other remedy conferred by this act or by any other law. The failure of any bondholder so to proceed as herein provided shall not relieve the district, its board, or any of its officers, agents and employees of any liability for failure to perform or carry out any duty, obligation or other commitment.

41-10-140. Publication of resolution or other proceedings relative to issuance of bonds; right of interested person to contest legality within 30 days; incontestable thereafter.

The board may provide for the publication once in a newspaper of general circulation in the district of any resolution or other proceedings adopted by the board ordering the issuance of any bonds. For a period of thirty (30) days after the date of such publication, any person in interest shall have the right to contest the legality of any bond which may be authorized thereby (except for any bond delivered for value, containing a recital therein that it is issued under authority of this act, and thus being incontestable for any cause whatsoever, as herein

provided), and of the provisions made for the security and payment of any such bonds, and of any other provisions in such resolution or proceedings; and after the expiration of such thirty (30) day period no one shall have any cause of action to contest the regularity, formality, or legality thereof for any cause whatsoever.

41-10-141. Payment of preliminary expenses incurred in making surveys, estimates of costs and revenues prior to issuance of bonds.

The district may provide for the payment of all necessary preliminary expenses actually incurred in the making of surveys, estimates of costs and revenues, the employment of engineers, architects, fiscal agents, attorneys-at-law, clerical help, other agents or employees, the making of notices, taking of options, and all other expenses necessary or desirable to be made and paid prior to the authorization for or the issuance of such bonds; provided, no such expenditures shall be made or paid unless an appropriation has been budgeted and made therefor in the same manner as is required by law, or unless the proceeds of bonds or other moneys are available to defray such expenses. Any funds so expended by the district for preliminary expenses incurred in connection with the same purpose as that for which bonds are issued may be fully reimbursed and repaid to the district out of the proceeds derived from the sale of such bonds. The amount so advanced by the district to pay such preliminary expenses may by a resolution authorizing the issuance of such bonds be made a first charge against such bond proceeds until the same has been repaid as herein provided, and in such event said amount shall be paid therewith before any other disbursements are made therefrom.

41-10-142. Refunding bonds.

Any bonds issued under this act may be refunded without an election pursuant to a resolution or resolutions to be adopted by the board in the manner herein provided for the issuance of other bonds, subject to any contractual limitations. Refunding bonds so issued may be secured in such manner and may be made payable from such sources as was provided in the resolution or resolutions authorizing their issuance; provided, however, that the security for the payment of the refunding bonds shall not be greater than the security for the payment of the bonds refunded, nor shall there be pledged for the payment of the refunding bonds revenues which are not pledged for the payment of the bonds refunded. Refunding bonds so issued may be sold at public

or private sale or may be exchanged dollar for dollar for the bonds to be refunded. If sold, the proceeds of sale may be escrowed for the payment of the bonds to be refunded in such manner as may be provided in resolution authorizing the refunding bonds.

41-10-143. Duty of board to impose tolls, fees and charges sufficient to pay cost of operating project and pay principal and interest on revenue bonds.

Whenever revenue bonds are issued hereunder, it shall be the duty of the board to impose, in connection with the project for which the bonds are issued, for the services rendered or facilities furnished thereby, tolls, fees, rates, rentals and charges fully sufficient to pay the cost of operating and maintaining the project, including but not limited to betterments or replacements to keep the same in good repair and working order (which cost shall be a first lien and charge upon the revenues or income to be derived from the operation of the project or service), and to pay the principal of and interest on the bonds, and to carry out all commitments made in the resolution or resolutions authorizing the bonds.

41-10-144. Exemption of property and bonds from taxation.

The effectuation of the authorized purposes of districts organized under this act shall and will be in all respects for the benefit of the people of the state of Wyoming residing within the district, for the increase of their commerce and prosperity and for the improvement of their health and living conditions; and since the districts will be performing essential governmental functions in effectuating those purposes, the districts shall not be required to pay any general (ad valorem) taxes upon any property acquired or used by them within the boundaries of the district. The bonds issued by any district, their transfer and the income therefrom shall be free from taxation within the state, except for estate taxes.

41-10-145. Authority of municipalities, counties and special districts to transfer projects and property to district with or without consideration.

Any municipality, county, special district or owner may and is hereby authorized to sell, lease, grant, convey, transfer, or pay over to any district with or without consideration any project or any part or parts thereof or any interest in real or personal property or any funds available for construction or

improvement purposes, including the proceeds of bonds previously or hereafter issued for construction or improvement purposes which may be used by the district in the construction, improvement, maintenance or operation of any project. Any municipality, county or special district is also authorized to transfer, assign and set over to any district any contracts which may have been awarded by the municipality, county or special district for the construction of projects not begun or if begun, not completed. The territory being served by any project or the territory within which the project is authorized to render service at the time of the acquisition of the project by a district shall include the area served by the project and the area in which the project is authorized to serve at the time of acquisition and any other area into which the service may be extended within the district, provided however, that where an election is required either by general law or charter provision to authorize such transfer, such election shall be forthwith called and shall be conducted as provided by law.

41-10-146. Questions of validity to be given preference on court docket.

All cases in which there may arise a question of validity of the organization of the district, or a question of the validity of any provision of this act shall be advanced as a matter of immediate public interest and concern and heard at the earliest practicable moment. The court shall be open at all times for the purposes of this act.

41-10-147. Effect of failure to give notice; board of county commissioners to direct notice be given and continue hearing.

If notice is provided for in this act, and the board of county commissioners finds for any reason that due notice was not given, the board of county commissioners shall not lose jurisdiction and the proceeding in question shall not be void or abated. The board of county commissioners shall then direct due notice be given, continue the hearing until notice is properly given and shall proceed as though notice was properly given in the first instance.

41-10-148. Reorganization of sanitary and improvement districts as sewer district or water and sewer district.

Any sanitary and improvement district organized pursuant to the provisions of W.S. 35-3-101 through 35-3-124 may effect its

reorganization as a sewer district or water and sewer district pursuant to the provisions of this act. Upon filing of a petition for reorganization of a district by its governing body with the board of county commissioners having jurisdiction as provided in W.S. 41-10-103, the board of county commissioners, by resolution duly entered, shall declare the district organized as a district pursuant to the provisions of this act and shall give the district the corporate name designated in the petition by which it shall be known in all proceedings.
